Main colors

light blue
medium blue

Purpose

- Serves as a barrier between two objects - one at a higher elevation than the other
- Generates ~~too~~ power
- Provide aesthetic value as well as functional purpose

Summary (continued)

This object is larger at the top than at the bottom and is trapezoidal in overall shape. It is not in a plane but curved. The top blue shape is below the top of this object and considerably higher than the lower blue shape.

I think the ~~top~~ target is a dam in the Southwest, possibly Hoover Dam.
